

## CCC Council Call

August 23, 2016

Attending: Beth, Randy, Shwetak, Ben, Greg, Ann, Helen, Dan, Lorenzo, Liz, Cathy, Jen, Sampath, Nina, Holly, Vasant, Khari, Klara, Cynthia

### Ongoing activities-

- Task Forces
  - Goals this fall- writing transition papers
  - What do you want your task force to accomplish this year?
  - Who do you want to invite to join outside the call?
  - Invite people outside Council
    - Some task forces might want to meet sooner than their schedule
- Transition Papers
  - Not a perfect alignment between task forces and transition papers
    - Self organize your calls or contact Ann/Helen
  - Randy created annotation of past transition papers
    - Will be send out soon
    - There is no one perfect model
  - Have a one paragraph blurb after labor day
    - We want to have resources at our finger tips when we do get asked
  - We are open to listening to agencies requests
    - This is also for agencies, so they have new ideas to shop and ask for
    - Not just for white house and OSTP
  - Changes to the list?
    - Shwetak- add to IoT security
    - Liz- Digital Forensics is an important topic, but how do you frame it and give it credibility? Will reach out to Susan Graham
      - Klara can provide names of departments that have digital forensics programs
      - <https://www.justice.gov/ncfs>
  - “Others”
    - Reflection on Tire Tracks
      - Point to existence of document
      - Explain it to people in the transition, might be a good idea
      - Look backward and look forward
      - Foundational computer science research
    - Research Infrastructure and Testbeds
      - Jen will people on a call and take it from there
  - IoT Security
    - Margaret Martonosi might be a good fit
  - Industry- academia partnerships
    - Greg
    - Need to have more people on board
  - Biology and Computing

- Sampath, Ben
