CCC Council Call
Nov 2, 2018

Attending: Beth, Helen, Ann, Mark, Liz, Ben, Ronitt, Suresh, Andy, Peter, Nina, Keith, Ben, Holly

- Task Forces
  - Cybersecurity and cybercrime
    - Keith- Workshop at UN early next year, that will bring together people from different institutes
    - Keith- Also, trying to get a better understanding of the data issues around human trafficking
      - Some workshops in the Spring 2019 planned
    - Beth- Atlanta is a major hubs for human trafficking, unfortunately, so I have been a part of this research. Storage of data is difficult since it is also storage of child pornography. Capture the image without really storing it. Is that possible?
    - Dan- Thorn (https://www.wearethorn.org/about-our-fight-against-sexual-exploitation-of-children/)
  - Health and human computer interaction
    - Beth- Call for white papers is out for the content generation for workforce training workshop. Please share! Workshop is March 14-15, 2019 in Atlanta.
    - Beth- Other areas this group is looking at is opioid use and/or eldercare.
  - Information Integrity and Provenance
    - Ann- Nadya is thinking about putting together a small group to write a white paper.
  - Intelligent Infrastructure
    - Dan- We were at NIST GCTC this week. We gave an overview of CCC on the first day. Nadya gave a keynote on the second day. There is a lot of potential for collaboration. How can basic research contribute to the public safety aspect?
    - Ann- GCTC is now a lot of more industry and local government influence and less researchers. Perhaps we build on this.
    - Keith- GCTC has drifted away from researchers since they have not been a ready source for research funds.
    - Ben- Couldn't NSF encourage people to attend GCTC?
      - Keith- When I was there, we did that.
  - Fairness an Accountability
    - Liz- Two workshop organizers (Ricky Vohra and David Parkes) for the Fairness and Economics workshop in Spring 2019
    - Suresh- NSF is also hosting a workshop in this space.
      - Liz- We could send industry agents to the workshop
  - Systems and Architecture
    - Jen- Workshop on Wide-Area Data Analytics

- - Need suggestions for names for this workshop
    - Ben- Is this also a programming model problem? How do you write the code for what you are talking about?
    - Mark- Thermodynamic computing workshop in Jan, also trying to hold a post-quantum crypo workshop in Jan
  - Industry Working Group
    - Ben- Had a conversation with Norm Whitaker (DARPA) about how to improve the relationship between industry and academia.
    - Mark- Intel has closed most of its "lablet", do we know why?
      - Ben- The success of lablets follows the success of companies.
    - Ben- Vijay Kumar (UPenn) also talked about the 80/20 appointments, creates different dynamics at the university.
    - Ben- Shwetak is also very interested in this joint appointment situation. He has talked to a number of people to see how frequently they are.
    - Ben- If council members have connections to Uber or other companies, please let me know!
      - Ronitt- Talk to David Smolarek (Cornell), former students are all over Uber/Lyft
      - Andy- CRA is also doing a lot of this, I'll send you some material, Ben
    - Suresh- Lablets are very good, situated around high concentration of universities
    - Sampath- There is not one size is there?
      - Ben- Huge range. 5-10 if it gets higher than 20-30 you don't need to leave the building.
  - AI
    - Ann- First workshop is in two weeks- Integrated Intelligence
      - Week of the council meeting
    - Ann- Last week CCC submitted to NITRD roadmap
    - Ann- At the end of the Spring it will be a massive writing session
- CCC Podcast
  - Khari- We have recording equipment and editing equipment
    - Khari will interview you for 20-40 minutes and then edit and post it
  - Khari- Any naming ideas? Currently calling it "Citizens in Computing Research" Let me know.
  - Mark- Will continue talking about it at the Fall Council meeting
